UNIQUE

UNIQUE T801 1100 E BL 155X65
100172777

The UNIQUE series encompasses a wide variety of washbasins, shower trays and bathtubs for use in combination with KRION™ sheets. By matching KRION™ sheets with products from the UNIQUE collection in multiple different ways, an endless variety of designs can be achieved, taking advantage of differing KRION™ processing techniques and the available choice of colours. Customized design solutions can be created to suit settings of all kinds, conceived to meet the required functional, dimensional and aesthetic specifications. An exclusive collection with broad design potential, perfect for creating one-of-a-kind settings for customers.

Description

Semi-finished embedded bathtub base, 1534 x 634mm and 402mm total depth. Includes height adjustable feet. Produced by mould by Krion® casting. Includes external overflow and drain valve with cover in white colour.
