ECOLOGY

THE CHANGE YOU CHOOSE

It's time to relearn, stop, and take notice. Changing our habits - however small - can revolutionise our lifestyle and change the way we interact with the planet:

#TheChangesYouChoose.

Our eco-conscious concept WaterForest came about from us thinking about these changes. The label is shown on all products and solutions that reduce water consumption, CO₂ emissions, and environmental impact. The label facilitates LEED and BREEAM certification for sustainable buildings, achieving water savings of up to 89% in hotel, housing and restaurant developments.

Il est l'heure de désapprendre, d'arrêter et de prendre conscience des changements nécessaires. De modifier certains petits gestes qui peuvent (r)évolutionner notre style de vie ainsi que notre manière d'interagir avec la planète :

#TheChangesYouChoose.

La prise de conscience de l'importance d'un changement a donné naissance à WaterForest, notre concept éco-conscient. Les produits et les solutions portant ce label réduisent la consommation d'eau, les émissions de CO₂ et l'impact environnemental, et favorisent l'obtention de certifications comme LEED et BREEAM pour les bâtiments durables. Ils permettent en outre d'économiser jusqu'à 89 % d'eau dans les projets d'habitation, de restaurants ou d'hôtels.

FINISH STUDIO

*Finish
Studio*

"Finish Studio is a meticulously selected AESTHETIC that Noken applies to its products as if they were a blank slate."
"Finish Studio est un rendu ESTHÉTIQUE soigneusement sélectionné que Noken applique à ses produits, comme s'il s'agissait de toiles blanches."

ARTISTIC
ARTISTIQUE
UNIQUE
INIMITABLE

With an artistic approach and traditional charm, baths, wash-basins and shower trays take on new skins, mimicking other surfaces.

Les baignoires, lavabos et receveurs de douches revêtent de nouveaux atours et imitent d'autres surfaces, dans un esprit artistique au charme traditionnel.

The perfect combination of innovation, meticulously selected materials, and a production process in which we pander to every detail, results in natural coloured, beautifully tactile ceramic pieces with unbeatable resistance.

L'innovation, la minutieuse sélection des matériaux et un processus de production attentif à chaque détail : une formule parfaite pour des pièces céramiques aux couleurs naturelles, agréables au toucher et offrant une série de prestations uniques en termes de résistance.

I-SMART**I-SMART**

Innovation in the bathroom, for our wellbeing and a more sustainable future. L'innovation s'invite dans la salle de bains pour garantir notre bien-être et un avenir plus durable.

Our I-Smart products transform daily care into an increasingly more efficient, hygienic and customisable experience with innovative, technological and smart bathroom equipment.

Les produits I-Smart transforment les toilettes en une expérience toujours plus efficace, hygiénique et personnalisable grâce à des équipements de salle de bains innovants, technologiques et intelligents.

I-Smart bathroom furnishings don't just make your life more comfortable and pleasant, but also offer users a more personalised and practical service: a bathroom for each person.

L'équipement de bain I-Smart rend la vie plus confortable et plus agréable, mais permet également d'offrir un service plus personnalisé et plus pratique à l'utilisateur : une salle de bains pour chacun.

TouchLess)))

Distance never kept us safer

Our Touchless product range aims to minimise and even omit the user's contact with bathroom equipment, with everything done using touchless technology.

La gamme de produits Touchless vise à minimiser voire à supprimer le contact avec l'équipement de salle de bains, qui est actionné grâce à un capteur de proximité.

Noken can offer a wide range of zero contact products, thanks to sensors, infrared and all the latest technologies. At its heart, the need to substantially reduce the number of microorganisms, viruses and bacteria that we're exposed to in everyday life.

Capteurs, infrarouges et technologies de pointe permettent à Noken de proposer un large éventail de produits sans contact. Ce système permet de réduire sensiblement la quantité de micro-organismes, de virus et de bactéries auxquels nous sommes exposés quotidiennement.

The content of this catalogue is protected by copyright and the Intellectual Property Law, Royal Legislative Decree 1/1996. Any reproduction thereof, in whole or in part, without the express authorisation of the Noken may be punishable under current legislation, including the Penal Code.

Noken reserves the right to modify or withdraw products from the catalogue without prior notice, as well as to modify their prices and/or characteristics without prior notice.

The room schemes shown in this catalogue are decorative suggestions for advertising purposes only and should not be used as a guide for the installation of the products. For the installation of the products and to consult their technical characteristics, please refer to the technical data sheets found in the PTC published by Noken. Noken is not responsible for assembly and/or installation errors or defects; it is recommended that the installation is carried out by a professional.

Possible changes in shade or colour must be considered an intrinsic part of the production process of certain products, such as ceramic bathroom fixtures, whether in glossy white or matt colours (white, black, grey...). It is important to be aware that variations in shade, saturation and gloss may occur, depending on the material on which the colouring pigment is applied (ceramic, urea formaldehyde) and the production batch, including possible variations between parts of the same item, such as the ceramic fixture, the seat, the lid or both.

Tones of PVD coated taps may also vary depending on production lots.

In addition to the variables of the production process, the perception of the colour shade is also influenced by the conditions of the light source, viewing angle and the psychophysical characteristics of the observer or the medium used for viewing.

Le contenu de ce catalogue est protégé par des droits d'auteur et par la loi sur la propriété intellectuelle, le décret royal législatif 1/1996. Toute reproduction partielle ou totale de celui-ci, sans l'autorisation expresse de Noken pourra être sanctionnée conformément à la réglementation en vigueur, notamment le code pénal espagnol.

Noken se réserve le droit de modifier ou de retirer les produits du catalogue sans préavis, ainsi que de modifier leurs prix et/ou leurs caractéristiques sans préavis.

Les ambiances présentées dans ce catalogue sont des suggestions de décoration à caractère publicitaire et ne doivent pas être utilisées comme guide pour les installations des produits. Pour installer les produits et connaître leurs caractéristiques techniques, vous devez consulter les fiches techniques qui se trouvent dans le PTC édité par Noken. Noken ne peut pas être tenu responsable des défaillances ou des défauts de montage et/ou d'installation ; il est recommandé que l'installation soit réalisée par un professionnel.

Les modifications éventuelles de ton ou de couleur doivent être considérées comme faisant partie intégrale du processus de production de certains produits, tels que la céramique sanitaire, soit en couleur blanche brillante, soit en couleur mate (blanc, noir, gris...). Il est important de savoir que des variations de tonalité, de saturation et d'éclat peuvent se produire selon le matériau sur lequel le pigment est appliqué (céramique, urée-formaldéhyde) et son lot de production. Par conséquent, des variations possibles peuvent par exemple exister d'une pièce à l'autre pour un même élément, tel que la céramique sanitaire, le siège, le couvercle ou les deux.

Les produits de robinetterie traités avec des finitions en PVD peuvent également présenter des différences de tonalité selon les lots de production.

Outre les variables du processus de production, la source d'éclairage, l'angle de vue et les caractéristiques psychophysiques de l'observateur ou du moyen utilisé pour la visualisation influent également sur la perception de la tonalité choisie.
