

Model: NATURE 1L WHITE

Codes: 100213810

Group: G-257

Format: 18X220X1,35CM

COMPOSITION

	Size	Material	Type of material
Layer 1	0.060-0.070	Varnish	Apresto Mate treatment
Layer 2	3.5	Hardwood Layer	Oak wood
Layer 3	9	Intermediate Layer	FIR
Layer 4	1	Backside	Coniferous wood

LABORATORY TESTS

Mass per surface	7.41 KG/M2	
Thermal conductivity	0.122 W/M*K	UNE-EN 12667:2002*
Heat resistance	0.110 M2*K/W	UNE-EN 12667:2002*
Formaldehyde emissions	≤0.05 ppm (E1)	ccc*
Gluing resistance	≥D3	
Resistance to chair castors	>25000 ciclos	
Moisture content	5-9%	
Flammability	Cfl-S1	
Bulk density	740 Kg/m3	UNE-EN 323:1994*
Biological durability	Clase 1	UNE EN 335 -1 ; UNE EN 335-2*
Critical radiant flux	0.41 W/CM2 (Class II)	ASTM E648*
Slip resistance (pendulum-wet)	CL 3 (50)	UNE 41901*
Slip resistance (pendulum-dry)	CL 3 (60)	UNE 41902*
Slip resistance (dcof)	0.54	ANSI A137.1*

FEATURES

-  It is one of the easiest to install and safest systems in the market. We just need to adjust the board to be installed longitudinally to the one already placed, by applying a soft pressure without the need for any type of tool. Both pieces will fit and will be secured thanks to the safety tab. It is just as simple to take apart, which makes for a quick disassembly.
-  Applying a color oil or varnish on the wood surface in order to get different color ranges.
-  L'ANTIC COLONIAL's varnishing, in two finishes, APRESTO (gloss) and APRESTO MATE (matte), provides a unique surface quality that satisfies the most demanding requirements. Advantages: It achieves the highest cleanliness because, since the pores are sealed, dirt and dust remain on the surface and can be easily cleaned.
-  Is suitable for installing on water radiant heating.
-  Material with few knots on its surface that can have different sizes depending on the type of wood. These, along with any cracks that may appear, are covered with putty.
-  Installation system where gluing the boards to the floor is not necessary. They are placed on a foam, joined together, as long as the product does not already have a foil on the back of the piece.
-  There are consistent color changes between pieces.
-  PanEuropean Forest Certification that guarantees to consumers the origin of the products from sustainably managed forests.
-  3.5 mm
-  Installation system where gluing the boards to the floor is not necessary. They are placed on a foam, joined together, as long as the product does not already have a foil on the back of the piece.
-  Slight smoothing of the wood using a brush to achieve a surface with a slight relief.
-  Beveled cut on the long sides of the board in order to create a continuity effect.
-  Quality product made with selected raw materials, guaranteeing its full residential use for 30 years as provided by L' Antic Colonial.
-  Format where only one board has been used to finish the entire base surface.
-  It is necessary to apply adhesive for installing it.
-  Made with oak wood.
-  Material from a European country.
-  Structure formed by an upper layer that shows the noble aspect of the material, an intermediate layer of wood of different typology, depending on the collection, or HDF board that compensates the tensions between the different parts and a lower plywood that provides dimensional stability.
-  It is necessary to apply adhesive for installing it.

PACKING

Sales units per box	3.168 M2/BOX
Sales units per pallet	101.376 M2/PAL
Sales units per square meter	1 M2
Sale unit	M2
Base unit	ST
Net weight	8.080808 KG/M2
Gross weight	8.560606 KG/M2
